I. D. Putnam and wife were down from the San Pedro for a few days this week. Mr. Putnam is greatly interested in the ence and the San Pedro settlements and says he can lay out a first-class road on place to a point on the San Pedro about we its confluence with the Gila, over which a team can easily hand three thousand pounds. When this mat-ter comes up for consideration the supervisors Can obtain valuable information from Mr. Putnam, that will probably save considerable in the cost of the road from Mr. Putnam, that will probably place is any better is a question, as the same considerable in the cost of the road and at the same time better accommodate said that a heavy adobe soil exists that the settlers along the San Pedro.

entitled "A Brick for the new church at Florence, Arizona,"has been presented this Cruz is daily beganning more apparent. office by Parson Whittemore. It contains a statement of Mr. Whittemore's labors in this field, his experiences to the "wide and wooly west," and an appeal to the chari-table christians throughout the east for sid in building a church here; together with a description of the ruins of Casa Grande and something of the labors of ntion was the gift of an eastern lady who takes a great interest in frontier mis cents per copy, the entire proceeds to be devoted to the church fund. The book tself is worth the money and it ought to bring in a handsome sum for the worthy purpose to which it is dedicated. Copies ers at large Kid and his capture is only can be procured of Parson Whittemore,

by Sheriff Fryer, from San Carlos stating that a detachment of scouts under Lieut. Watson, while sconting for renegade In saw a camp fire and upon cautiously upproaching it found George J. Apacy in the act of burning the body of a man whom he had murdered. The dispatch stated that the victim was a person about thirty years of age, salled "Andy," but no further details were given, excepting that Apacy was taken into custody and conveyed to San Carlos where he is held subject to the orders of the Pinal county inthorities. Word was sent to Mami the nearest precinct, and Justice H. B. Pinching probably held an inquest upon the remains yesterday. An officer will be at ones disputched to San Carlos in last Wednesday as a delegate in the for Apsey and he will be brought to the convention, has received the attention

Hugh Hewitt's stock ranch on Queen creek and afterwards he took up a ranch on Ash creek, near Aravaipa, and raised vegetables, sold butter, eggs, and other and occasionally made trips to Florence. He was a snilor in former years and when he met Tom McLellan the two old salt would spin sea yarns hours at as the more at the place of a new and influential mining company will infuse renewed vigor into that productive mining district. The new siller bill, that long delayed steps in the right direction, means much for Arizona.

Florence is willing to fill all the county offices for the next two years.

Florence is willing to fill all the county offices for the next two years.

Ed. Laine has returned to Globe from California.

The De Nure delegation may not have much to say as to who will be sheriff, but their vote will count on other matters.

It looks like Porter will be put up by a democratic convention.

party is as good as an election by the electors of his district.

On behalf of Pinal county it gives me great pleasure to second the nomination of Hon. Peter R. Brady. The ballot gave Mr. Brady the full and entire vote of the delegations from the several counties comprising the southern

The Phenix Republican, in speaking of

J.D.Rittenhouse Estate. Pima county man should have been se-lected, but the democratic party will have no cause to ragret the action of their convention, and if he is elected, the pub-lic affairs of the territory will be perfectly safe so far as the official acts of Mr. Brady

can control them. The Star says: The Phenix democratic convention nom The Phenix democratic convention nominated Marcus A. Smith for delegate to congress, Harry Baldwin of Yayanai county, as joint councilman for the northern district and P. R. Brady, of Pinal county for the southern district. By virtue of the large population of Pima county she was entitled to the joint councilman, and it is hard to understand how the Dirac delegation was an easily dured.

The following letter has been received "At last I have made a firm contract to

finance and build a Calabasas, Tueson & Northwestern railroad from Calabasas to Tucson. The contract is upon the supposition that I can arrange for the \$200,000 subsidy in the county of Pima, and right of way, and suitable terminal facilities in Tucson and Calabasas. I will leave for Arizona about the middle of next week to see if I can secure the desired effect, and I shall come prepared to show that I can build the road if the subsidy is granted payable \$3,000 on each finished section of 10 miles and the balance when the entire road is completed. I think our people will all be favorable to voting the subsidy if I can correctly judge Through Superintendent Bradstreet we learn that the Phenix mine is looking as well as ever, if not better. The son-centrating plant works well and at practically no extra cost. From 30 to 60 tons of tailings, which would otherwise be washed, are converted into a ton of \$100 to more value, that gets fully \$75 over on one value of the value of out question as my people regard this as the key to the situation so far they are concerned and it means much more to

Banking Business Transacted. It is well known that there is I usual at the present time to talk about it the matter of practical issues and senti ments. The lines separating the two great CHEMICAL NATIONAL BANK, New York. Anglo - Californian Bank, [Limited] S. F. have existed for a quarter of a century sentation. As a matter of fact, the pour Specifications for the construction of a road may be stated in a dozen terse and vig

platforms of anykind are worth making nowadays. There was a time when the Statement of labor and material furnished but we have outlived the feeling of respec ry them out in literal fidelity; we give of the right to deviate from them as cicumstances shall demand or suggest. few governing principles, too well know faith, but the sense of obligation go further. Not one voter in a hundre studies the platform of his party, or a taches any other than formal significance to it. The platform survives, but its glory has departed, and its practical effect is hardly perceptible. It might well be dispensed with, therefore, in the interest paired. All work warranted.
